

## Logic School Summer Reading 2024

It has been said, “*Reading is to the mind what exercise is to the body.*” The school year has ended, but good reading habits should be a consistent part of our daily routine as we head into summer. With that in mind, we begin our Oakdale Academy Summer Reading Program.

### Purpose

The works of literature on the Logic School summer reading list have been carefully selected to help prepare students for what they will encounter in their history and literature courses in the fall, as well as to build on the subject material that they have previously studied.

Summer reading not only fosters the reading of good books that promote character, truth, and wisdom and that are good for the soul, it also provides students with a shared experience that can serve as a reference point for discussion and writing in the coming school year, and that reinforces Oakdale Academy’s mission to instruct students in the Western tradition.

Logic School students will be required to read ***one of the books*** from the list below for the grade level they are entering in the fall. These books may be available from the local library, or they can be purchased from local bookstores or online.

When finished reading their chosen book, students must write a book report that follows the provided guidelines and format. Book reports should be handed in to individual homeroom teachers on Thursday, August 22, by 8:15 a.m.
